

Call for Papers

10. Internationales Sonnenforum

Ladies and Gentlemen,

We are pleased to be able to invite you to participate in

EUROSUN '96

Freiburg, Germany

The conference will address various aspects of renewable energy, including:

- Solar Thermal
- Photovoltaics
- Materials for Solar Energy Conversion
- Solar Architecture
- Solar Building Technology
- Energy from Biomass and Waste
- Wind Energy
- Solar Thermal Power Plants
- Renewable Energy in Developing Countries
- Education and Training
- Energy Policy

We are currently inviting contributions in these and other relevant areas of renewable energy. **EUROSUN '96** will allow for intensive communication and a broad exchange of ideas through the presentation of scientific papers as lectures and posters.

If you wish to participate, please return the attached contribution form and an abstract (max. two pages) for evaluation to the following address:

DGS
Augustenstraße 79
D-80333 München
Tel. +49 (0) 89 - 52 40 71
Fax +49 (0) 89 - 52 16 68

Please ensure that it reaches us no later than March 15th, 1996. The decision of the Scientific Committee will be mailed to all authors by April 24th, 1996.

A book of abstracts will be available at the conference.

In addition, successful authors will be requested to provide a print-ready manuscript (both in printed form and on disk). Rules for publication will be provided by the Scientific Committee. Conference proceedings (and possibly a CD-ROM) will be produced six weeks after the conference.

Contributions should be previously unpublished. Please note that with acceptance of your contribution copyright is transferred to the publisher, DGS-Sonnenenergie Verlags-GmbH.

Application forms for conference participation are available from the DGS at the address above. The language at **EUROSUN '96** will be English, although some of the workshops offered may be held in German.

Best regards,

Prof. Dr. Adolf Goetzberger
Prof. Dr. Joachim Luther
Chairmen of the Scientific Committee
